The Basics of Sentence Diagramming

Before diving into adjectives specifically, let's review the foundational principles of sentence diagramming.

The Standard Diagram Structure

In traditional diagramming, sentences are broken into parts, and these parts are arranged visually to show their relationships:

- The main line typically holds the subject and predicate.
- Modifiers such as adjectives, adverbs, and prepositional phrases are connected to the words they modify.

Tools and Symbols

- Horizontal lines are used to separate the subject from the predicate.
