handling characteristics.

- Platform: GM Theta platform
- Suspension:
- Front: MacPherson strut
- Rear: Independent multi-link suspension

This setup provided a comfortable ride over rough roads, although some critics noted that the handling was more akin to a car than a traditional SUV.

Powertrain and Performance

Engine Options and Transmission

The 2002 Buick Rendezvous was equipped solely with a 3.4-liter V6 engine, known for its balance of power and fuel economy.

- Engine specifications:
 - Power output: 185 horsepower
 - Torque: 210 lb-ft
 - Fuel system: Sequential fuel injection
-
- Transmission:
 - Four-speed automatic transmission (4T45-E)

This combination offered decent acceleration and highway cruising capabilities, although some drivers reported that the engine felt strained under full load or when climbing steep grades.

Driving Dynamics and Handling

The Rendezvous was praised for its smooth ride, thanks largely to its suspension design. However, its handling was often characterized as soft and body-roll-prone, especially in tight turns or emergency maneuvers.

- Fuel Economy:
- EPA estimated 19 mpg city / 26 mpg highway
- Real-world figures often varied between 17-22 mpg depending on driving habits

- Towing Capacity:
- Up to 2,000 pounds, suitable for light trailers or small boats

- Honda Pilot
- Toyota RAV4
- Ford Escape
- Chevrolet Tracker

Compared to these competitors, the Rendezvous was distinguished by its upscale interior, comfortable ride, and Buick's brand reputation. However, it lagged behind in areas like fuel efficiency, handling agility, and long-term reliability.

Market reception was generally positive among buyers seeking a family-oriented crossover with luxury touches, but some critics pointed out its relatively high maintenance costs and modest towing capacity.

Ownership Experience and Legacy

Many early owners appreciated the Rendezvous for its spacious interior, smooth ride, and quiet cabin. It was particularly favored by families needing a versatile vehicle for daily errands, school runs, and light recreational activities.

However, as the years progressed, the vehicle's reliability issues became more apparent, leading to a decline in ownership satisfaction. The model was discontinued after 2007, but the 2002 version remains a popular choice among used SUV buyers seeking affordability and comfort.

Pros:

- Comfortable ride quality
