Approach to UFO and Paranormal Studies

Steiger's methodology combined meticulous research, open-minded inquiry, and a willingness to explore mystical and esoteric traditions. Rather than dismissing phenomena as mere hoaxes or hallucinations, he sought to understand their deeper spiritual, psychological, and cultural meanings. This holistic approach positioned him as a pioneering figure in the field, especially concerning the concept of "Star People."

Understanding the "Star People"

Definition and Origins

The term "Star People" refers to beings believed to originate from other star systems or cosmic realms who have interacted with Earth and humanity throughout history. These entities are often described as advanced, wise, and sometimes as guiding or protector figures. The concept has roots

in various indigenous traditions, ancient texts, and modern UFO lore.

Steiger popularized the term through his writings, emphasizing that "Star People" are not merely extraterrestrial visitors but may also include interdimensional beings, ascended masters, or ancient cosmic intelligences. Their appearances are often linked to legends of gods, angels, or mythic heroes, suggesting a deep historical connection between humans and these cosmic entities.

Characteristics of the "Star People"

According to Steiger and others in the field, the typical attributes of Star People include:

- High intelligence and advanced technology
- Interest in human evolution and spiritual development
- Appearance often described as luminous, radiant, or possessing a shimmering aura
- Ability to communicate telepathically or through other non-verbal means
- Presence in various historical and contemporary sightings, abductions, and encounters

Historical and Cultural Perspectives on the Star People

Ancient Civilizations and Mythology

Many ancient cultures have stories that resonate with the idea of Star People, including:

- **Sumerians and the Anunnaki:** Ancient Sumerian texts describe deities known as Anunnaki, often linked to celestial origins and advanced knowledge.
- **The Dogon Tribe:** The Dogon people of Mali possess detailed knowledge of the Sirius star system, which they claim was imparted by visitors from the stars.
- **Ancient Egyptian Legends:** Depictions of gods descending from the sky and star-related symbolism suggest extraterrestrial influences.
- **Mayans and Aztecs:** Astronomical alignments and mythic stories hint at a connection to cosmic travelers.

Steiger argued that these stories are not mere myths but encoded memories of encounters with actual Star People who influenced early human civilization.

Modern Encounters and Reports

Throughout the 20th and 21st centuries, numerous reports of UFO sightings, crop circles, and abductions have been linked to the presence of Star People. These encounters often share

common themes:

- Experiences of being taken aboard craft or into other dimensions
- Receiving messages about spiritual awakening and planetary evolution
- Witnessing advanced technology capable of manipulating space and time

Steiger emphasized that these reports suggest a continuing relationship between humans and Star People, evolving in tandem with Earth's spiritual and physical development.

The Role of the Star People in Human Evolution and Spirituality

Guides and Guardians

One of the central themes in Steiger's work is that Star People serve as guides or guardians for humanity. They are believed to assist in:

- Advancing human consciousness
- Supporting spiritual awakening
- Facilitating the transition to higher states of awareness

Steiger proposed that the presence of Star People might be a catalyst for humanity's evolution toward a more enlightened state, especially during critical periods of planetary change.

Messengers of a New Age

Steiger and other researchers suggest that the Star People are preparing humanity for a significant shift—a "New Age" of peace, unity, and cosmic consciousness. This perspective frames encounters not as isolated incidents but as part of a larger cosmic plan.

Interdimensional Beings and Consciousness

Steiger's exploration extended into the idea that Star People may be interdimensional entities, capable of traversing different planes of existence. These beings might not be strictly physical but could exist across multiple dimensions, making their appearances and disappearances difficult to explain through conventional physics.

Introduction to Brad Steiger and the Concept of the Star People

Brad Steiger is a prolific author whose career spans over 50 years, during which he has written more than 200 books covering topics such as UFOs, paranormal phenomena, and ancient civilizations. Among his most notable contributions is his exploration of the "Star People" - beings from other planets or dimensions who have allegedly interacted with humans throughout history.

The idea of the Star People posits that extraterrestrial entities have influenced human development, spirituality, and culture. Steiger suggests that these beings might not only be visitors from distant

worlds but also ancestral spirits or multidimensional entities embedded in human history. His work seeks to bridge the gap between science, spirituality, and ancient mythology, proposing that the Star People are integral to understanding human origins and destiny.

Historical and Cultural Foundations

Ancient Civilizations and the Evidence of Star People

One of Steiger's key arguments is that ancient civilizations around the world contain evidence of encounters with extraterrestrial beings. From the pyramids of Egypt to the Nazca Lines in Peru, Steiger interprets various archaeological artifacts and mythologies as records of star visitors.

Features and Highlights:

- Ancient Astronaut Theory: Steiger advocates that many ancient structures and artworks depict star beings or spacecraft, suggesting that early humans had contact with extraterrestrial visitors.
- Mythological Parallels: He draws parallels between mythologies such as the Sumerian Anunnaki, the Greek gods, and Indigenous legends and contemporary UFO reports, proposing they all share a common origin.
